Date	Event Type	Issue	Completed Work	Work scope
26/Oct/23 8:00 AM	Sprint started	LI-5 As a patient, I want to select my preferred dentist when requesting an appointment, so that I can trust in the expertise of the dentist I choose. LI-7 As a patient, I want to choose the time I am available when requesting an appointment, so that when I get a call from the clinic, I do not miss the call. LI-8 As a patient, I want to enter my email address when requesting an appointment so that I can receive important updates regarding my appointment. LI-9 As a patient, I want the ability to provide detailed information about my condition when requesting an appointment, so that I can be directed to the appropriate specialist for continued treatment. LI-12 As a clinic administrator, I want to implement phone or email verification for patient-submitted forms, so that we can minimize the occurrence of incorrect appointments and streamline our workload efficiently. LI-17 As a clinic owner, I want to review the mockup of the site so that I can define my requirements more effectively and ensure the website meets my expectations. LI-18 As a patient, I want the ability to complete an online appointment request form so that I can conveniently request an appointment without the need for a phone call or visit to the clinic. LI-20 As a patient, I want to see the treatments offered by the clinic so that I can make informed decisions about my healthcare. LI-21 As a patient, I want to see the dentist's information so that I can ensure they offer the specific services I require. LI-22 As a patient, I want to see the clinic's "About Us" section so that I can learn more about the clinic's history, values, mission. LI-23 As a patient, I want to see the clinic's google map location so that I can easily find my way. LI-24 As a patient, I want to see the clinic's phone number and email address so that I have another option instead of online appointments. LI-25 As a patient, I want to access the clinic's social media addresses so that I can fallow their work. LI-26 As a patient, I want to access the clinic's WhatsApp so that I can easily communicate through messaging. LI-28 As a patient, I want to see the clinic's working hours so that I can plan my visits effectively. LI-29 As a clinic owner, I want to receive email notifications of information from filled appointment forms so that I can ensure that I do not miss any of them. LI-32 As a visitor, I want to click on the logo to navigate to the main page so that I can easily return to the website's main page. LI-33 As a visitor, I want the menu panel to appear at the top of the page when I scroll down, so that I can easily access the navigation menu at any point on the page. LI-34 As a visitor, I want all menu items to be clickable and to navigate to the relevant sections when I click them so that I easily access what I want. LI-35 As a patient, I want to see Google Reviews on the website so that I can gain insight into the clinic's reputation and the experiences of other patients before. LI-36 As a patient, I want to review my experience so that I can share my feedback and help others make informed decisions about the clinic's services. LI-37 As a visitor, I want submenus to appear when I hover over related menu items so that I can easily find what I need. LI-38 As a clinic owner, I need the patient's first name, last name, phone number, and email on the appointment form so that we can reach out to patient for effective communication. LI-39 As a programmer I want to find errors in the appointment form so that the user does not encounter possible bugs. LI-40 As a clinic administrator, I want to implement temp-email checker for patient-submitted forms, so that we can minimize the occurrence of incorrect appointments.	0	90
